INDEX OF EVENTS:

04/28/21	Final Order Entered: 1. Delta's application for an EDX is approved in part and denied in part. 2. Delta's application for an EDX is approved for Phase 1 and Phase 2 of the EDX proposed in Delta's application, in so far as it is related to providing natural gas service to the Lincoln County Industrial Park, is approved. 3. Delta's request to establish a regulatory asset is approved. Delta shall defer property taxes related to the EDX capital investment, including the costs of land. Delta will be able to include applicable carrying costs in the regulatory asset. The carrying costs during the deferral period shall be calculated by applying the long-term debt rate as approved in Delta's most recent base rate case to the regulatory asset balance. Assuming a customer is receiving service, the regulatory asset will be included for recovery in Delta's next application for a general adjustment in rates. 4. Delta's request to include in the EDX costs for design and acquisition of rights-of-way for the proposed 23-mile pipeline in Rockcastle County is denied without prejudice. 5. This case is closed and removed from the Commission's docket.
