INDEX OF EVENTS:

08/18/22	Final Order Entered: 1. The findings contained in the Commission Staff's Report are adopted with modifications and incorporated by reference into this Order as if fully set out herein. 2. The rates set forth in Appendix B to this Order are approved for services rendered by Gallatin District on and after the date of this Order. 3. Within 20 days of the date of entry of this Order, Gallatin District shall file with this Commission, using the Commission's electronic Tariff Filing System, new tariff sheets setting forth the rates and charges approved herein and their effective date, and stating that the rates and charges were authorized by this Order. 4. Gallatin District shall use the midpoint of the depreciable lives of the National Association of Regulatory Utility Commissioners ranges, as proposed in the application and agreed upon by Commission Staff, to depreciate water plant assets for accounting purposes in all future reporting periods. No adjustment to accumulated depreciation or retained earnings should be made to account for this change in the accounting estimate. 5. Gallatin District shall continue to monitor water loss and adhere to the practices detailed in their response to Staff's first data request. In the event that yearly water loss continues to increase, Gallatin District should seek the authorization of a surcharge to finance improvements to its system to reduce water loss. 6.
