SUSPENSION DATE:

CASE CODE
Tariffs

UTILITIES:
Delta Natural Gas Company, Inc.

INDEX OF EVENTS:

04/28/23	Final Order Entered: 1. The GCR residual surcharge rates proposed by Delta are approved for service rendered on and after May 1, 2023. 2. Delta's future GCR rate report filings shall include a report on the amount recovered for each GCR residual tracker surcharge to be included as a separate line item for the customers in each legacy gas system until any remaining under- or over- recoveries of gas costs is individually reconciled for each month on and after the effective date of May 1, 2023. 3. Delta shall include in the cover letter of its GCR rate reports when the total amount for each legacy gas system has been collected and that the GCR residual tracker surcharge for that system will no longer be included in those customer's bills. 4. Delta shall provide any update on the expected recovery period for the GCR residual surcharges on the cover letter of its GCR rate reports should there be any significant changes in the expected sales. 5. In the event of natural gas costs rising meaningfully, before the total amount is recovered, the Commission reserves its right to initiate an investigation to determine whether a change to the surcharges recovery rate is necessary. 6. Within 20 days of the date of service of this Order, Delta shall file with this Commission, using the Commission's electronic Tariff Filing System, revised tariff sheets setting out the rate approved herein and reflecting that it was approved pursuant to this Order.
