INDEX OF EVENTS:

03/09/26 Final Order Entered: 1. EKPC is granted a CPCN to construct and operate a 4.54 mile 161 kV double-circuit transmission line between EKPC's Cooper Station and the LG&E/KU Alcalde Substation located in Pulaski County, Kentucky. 2. EKPC is granted authority to move the location of proposed transmission line up to 50 feet on either side of the centerline to account for any unexpected conditions that may arise during construction unless a new parcel owner is impacted. 3. EKPC shall file a motion requesting approval of any material changes to the project, including but not limited to, increase in cost, any significant delays in construction, any deviations, or any changes in the route of the transmission line not expressly authorized in this Order. 4. EKPC shall file with the Commission documentation of the total costs of the projects, including the cost of construction and all other capitalized costs, including engineering, legal, administrative, etc., within 60 days of the date that construction authorized under this CPCN is substantially completed. Construction costs shall be classified into appropriate plant accounts in accordance with the Uniform System of Accounts for electric utilities as prescribed by the Commission. 5. EKPC shall file a survey of the final location of the transmission facilities after any modifications are finalized as authorized by this Order and before construction begins.
