Order Entered: Windstream's Petition regarding NANPA's denial of its Application for assignment of additional numbering resources is granted. 2. The decision of NANPA denying Windstream's request for assignment of an NXX in the Monticello rate center is hereby overturned. 3. NANPA shall assign Windstream an available NXX in the Monticello rate center (606-NXX). 4. The numbering resources considered in this Order are to be assigned for the sole use of serving Windstream's need for an LRN for deployment of a new packet switch in connection with a Broadband Stimulus project in the Monticello rate center. Windstream shall retain only a single thousands block of numbers from the new NXX. The remaining nine thousands blocks, not utilized by Windstream for LRN purposes, if the numbering resources requested by Windstream are not needed to meet its service requirements, the associated numbering resources approved in this Order shall be returned to NANPA.
