

PSC regulation of small wastewater treatment systems (package plants)

.....
*Interim Committee on
Local Government*
.....

September 28, 2016

Kentucky Public Service Commission

Due to the quasi judicial nature of the PSC and the requirement to respect due process, we are unable to discuss any pending cases with you.

The views of the commission staff do not necessarily reflect the views of the commissioners.

Privately owned wastewater systems under PSC jurisdiction represent **a small fraction** of sewer service in Kentucky – and it is a fraction that is **steadily diminishing.**

SUMMARY STATISTICS

STATUS	CUSTOMERS	# of UTILITIES
