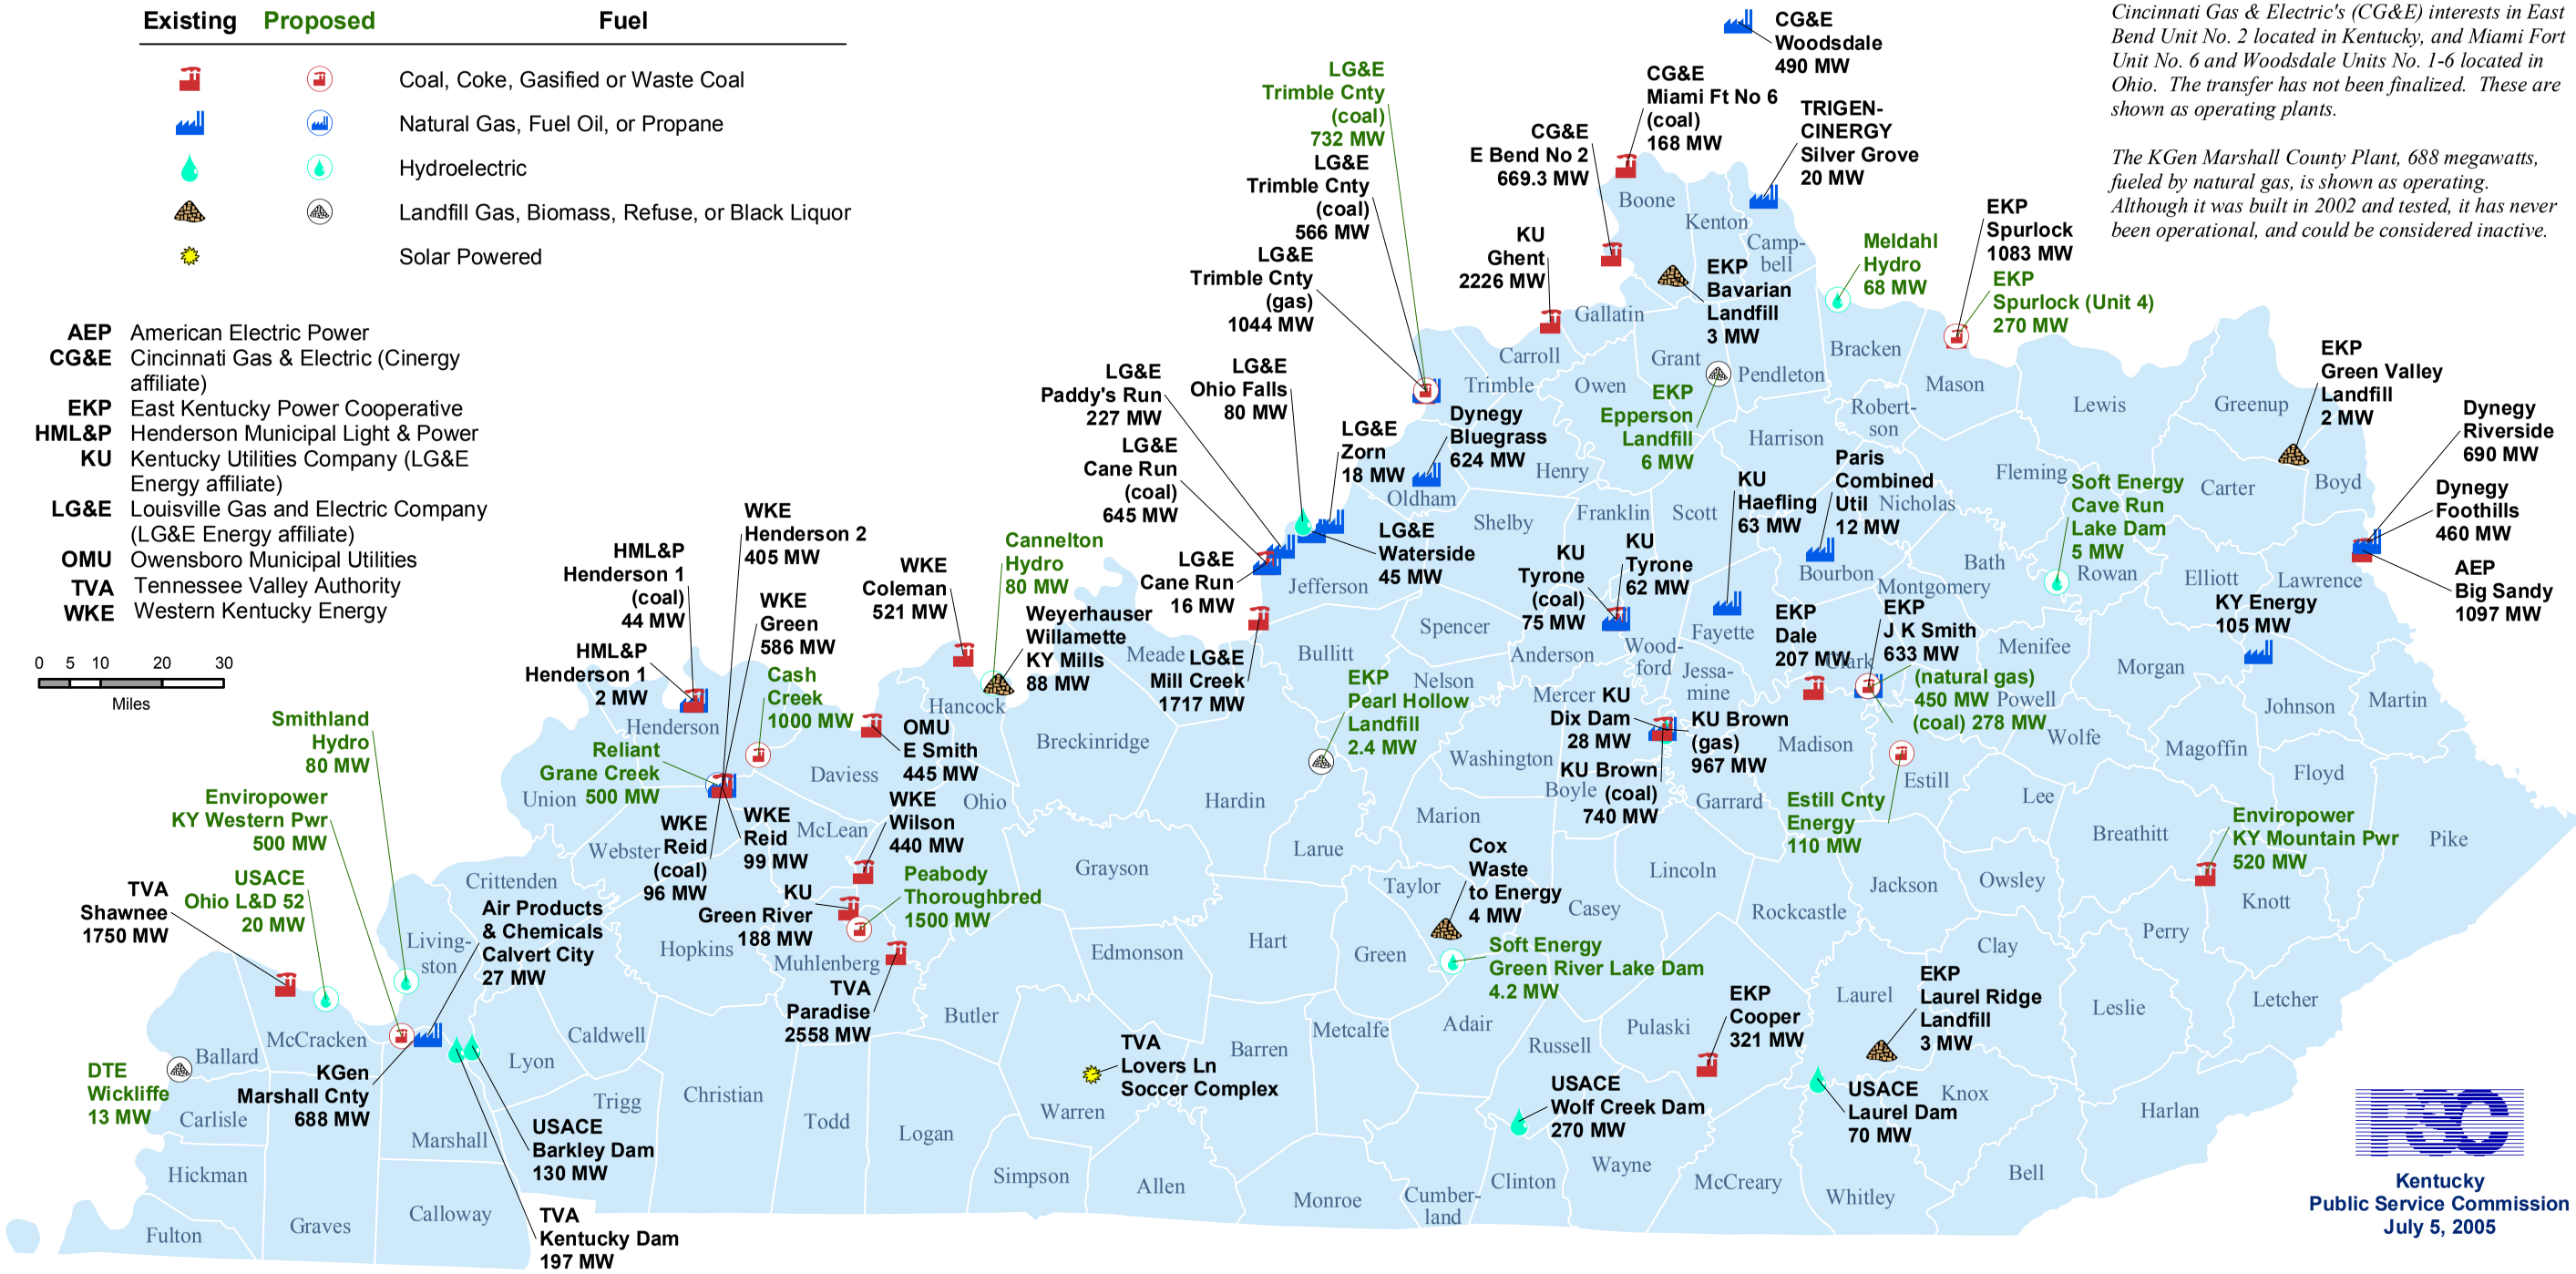
Union Light, Heat & Power (ULH&P) has been conditionally approved by the Kentucky Public Service Commission (Case 2003-00252) to acquire Cincinnati Gas & Electric's (CG&E) interests in East Bend Unit No. 2 located in Kentucky, and Miami Fort Unit No. 6 and Woodsdale Units No. 1-6 located in Ohio. The transfer has not been finalized. These are shown as operating plants.

The KGen Marshall County Plant, 688 megawatts, fueled by natural gas, is shown as operating. Although it was built in 2002 and tested, it has never been operational, and could be considered inactive.



Kentucky
Public Service Commission
July 5, 2005

Name plate capacities in megawatts for existing plants are from 2003 Annual Reports to the Energy Information Administration, U.S. Department of Energy. Information for proposed power plants is compiled from the Kentucky Division of Air Quality, from requests to the PSC for a certificate to construct, from FERC applications, and from news articles.
