

PUBLIC HEARING NOTICE

FROM: Senator Larry Saunders, Co-Chair
Representative Larry Clark, Co-Chair
Jack Conway, Co-Chair
Special Task Force on Electricity Restructuring

SUBJECT: Public Hearings on Electricity Restructuring

DATE: August 22, 1999

The Special Task Force on Electricity Restructuring will hold public hearings on the subject of whether to restructure Kentucky's electric utility industry. Hearings will be held on September 27, 1999 at 12:30 EST in room 131 Capitol Annex. The public hearings are an opportunity for task force members to hear from the general public, interested parties, and public agencies about their views on electricity restructuring and its potential impact on Kentucky.

Speakers will be allotted 10 minutes to testify. A question and answer session will follow each speaker's testimony. The co-chairs reserve the right to reduce the time allotted for testimony. Since time is limited, the co-chairs will permit speakers to submit written comments to the Task Force.

If you are interested in testifying at the public hearing, please contact Tanya Monsanto or Linda Kubala to sign up for a time slot. If you would like more information regarding the Task Force, please contact Tanya Monsanto with the LRC energy staff at (502) 564-8100.
