		table of contents that lists, for each document enclosed, the number of tab behind which each document is located, the statutory provision pursuant to which the document is submitted and the name of the person who will respond to questions on information contained in the documents.					
Filings	807 KAR 5:100 § 1	An initial application fee of \$1,000.00 per megawatt of electricity generating capacity, based on the manufacturer's nameplate rated capacity of the proposed construction, except that the initial application fee for each application for each plant shall be in an amount not less than \$40,000 and not more than \$200,000.00.					
Filings	KRS 278.706(2)(a)	The name, address, and telephone number of the person proposing to construct and own the merchant electric generating facility;					
Legal	KRS 278.706(2)(b)	A full description of the proposed site, including a map showing the distance of the proposed site from residential neighborhoods, the nearest residential structures, schools, and public and private parks that are located within a two (2) mile radius of the proposed facility;					
Legal	KRS 278.706(2)(c)	Evidence of public notice that shall include the location of the proposed site and a general description of the project, state that the proposed construction is subject to approval by the Board, and provide the telephone number and address of the Public Service Commission. Public notice shall be given within thirty (30) days immediately preceding the application filing to; <ul style="list-style-type: none"> <li>1. Landowners whose property borders the proposed site; and</li> <li>2. The general public in a newspaper of general circulation in the county or municipality in which the plant is proposed to be located;</li> </ul>					
Legal	KRS 278.706(2)(d)	A statement certifying that the proposed plant will be in compliance with all local ordinances and regulations concerning noise control and with any local planning and zoning ordinances.					

Division Responsible	Law/Regulation	Filing Requirement	Requirement Met		Waiver Requested	Approve Waiver?	
			Yes	No		Yes	No
Legal	KRS 278.706(2)(d)	Disclosure of setback requirements established by the planning and zoning commission as provided under KRS 278.704(3);					
Legal	KRS 278.706(2)(e)	<ol style="list-style-type: none"> <li>1. If the facility is not proposed to be located on site of a former coal processing plant and the facility will use on-site waste coal as a fuel source or in an area where a planning and zoning commission has established a setback requirement pursuant to KRS 278.704(3), a statement that the exhaust stack of the proposed facility and any wind turbine is at least one thousand (1,000) feet from the property boundary of any adjoining property owner and all proposed structures or facilities used for generation of electricity are two thousand (2,000) feet from any residential neighborhood, school, hospital, or nursing home facility, unless facilities capable of generating ten megawatts (10MW) or more currently exist on the site.</li> <li>2. If the facility is proposed to be located on site of a former coal processing plant and the facility will use on-site waste coal as a fuel source, a statement that the proposed site is compatible with the setback requirements provided under KRS 278.704(5).</li> <li>3. If the facility is proposed to be located in a jurisdiction that has established setback requirements pursuant to KRS 278.704(3), a statement that the proposed site is compatible with those established setback requirements;</li> </ol>					
Legal	KRS 278.706(2)(f)	<p>A complete report of the applicant's public involvement program activities undertaken prior to the filing of the application, including the following:</p> <ol style="list-style-type: none"> <li>1. The scheduling and conducting of a public meeting in the county or counties in which the proposed facility will be constructed at least ninety (90) days prior to the filing of an application, for the purpose of informing the public of the project being considered and receiving comment on it;</li> <li>2. Evidence that notice of the time, subject and location of the</li> </ol>

		in which case documentation of NEPA compliance is included in the application.					
Legal	KRS 278.708(3)(a)	A site assessment report shall include a description of the proposed facility, including a proposed site development plan that describes:					
		1. Surrounding land uses for residential, commercial, agricultural, and recreational purposes;					
		2. The legal boundaries of the proposed site;					
		3. Proposed access control to the site;					
		4. The location of facility buildings, transmission lines, and other structures;					
		5. Location and use of access ways, internal roads, and railways;					
		6. Existing or proposed utilities to service the facility;					
		7. Compliance with applicable setback requirements as provided KRS 278.704(2), (3), or (5);					
		8. Evaluation of the noise levels expected to be produced by the facility;					
Legal	KRS 278.708(3)(b)	A site assessment report shall also include the following (1) an evaluation of the compatibility of the facility with scenic surroundings;					
	KRS 278.708(3)(c)	(2) The potential changes in property values resulting from the siting, construction, and operation of the proposed facility for property owners adjacent to the facility;					
	KRS 278.708(3)(d)	(3) Evaluation of anticipated peak and average noise levels associated with the facility's construction and operation at the property boundary; and
