Dear Mr. Combs:

This is in response to your October 20 letter regarding Fox Creek Rural Electric Cooperative Corporation. You have asked if Public Service Commission approval is necessary for Fox Creek to participate in a REA program using certain loan payments to assist its member-consumers in weatherization efforts.

This is to advise you that no Commission approval or authorization in connection with the execution of the REA Agreement or implementation of the loan program is required. This same opinion was given in an August 22, 1985 letter to you, and is based upon our interpretation of KRS 278.300.

If I can be of any other help, don't hesitate to contact me at (502) 564-2473.

Sincerely,

Forest M. Skaggs
