

COMMONWEALTH OF KENTUCKY  
BEFORE THE ENERGY REGULATORY COMMISSION

\* \* \* \* \*

In the Matter of

THE APPLICATION OF THE WARREN RURAL )  
ELECTRIC COOPERATIVE CORPORATION TO )  
MAINTAIN COMPUTER FILES OF METER ) CASE NO. 7480  
TESTS AND HISTORY UNDER 807 KAR )  
50:015, SECTION 24. )

O R D E R

On May 29, 1979, Warren Rural Electric Cooperative Corporation filed its application with the Commission requesting authorization to maintain its meter test and history records in a computer storage system in lieu of a card file as required by regulation 807 KAR 50:015, Section 15.

Warren RECC was advised by letter dated June 5, 1979 that the policy of the Commission at that time was to defer action on matters filed by those utilities whose jurisdictional status was unclear during the pending litigation in Federal Court of the Tennessee Valley Authority vs. the Public Service Commission of Kentucky. The Commission has now interpreted the decision of the court to be that they do have jurisdiction in matters such as this and will issue its order accordingly.

The Commission, after considering the evidence of record and being advised, is of the opinion and FINDS that:

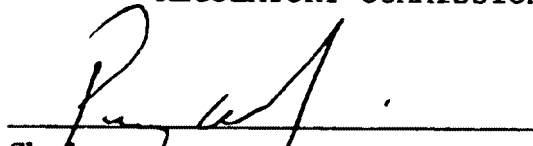

1. The computer file of the meter test and history records as proposed by Warren RECC does include all of the information required by regulation 807 KAR 50:015, Section 15 and;

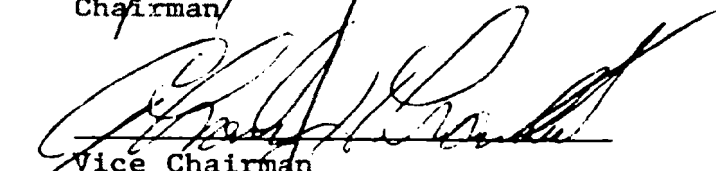

2. Section 24 of regulation 807 KAR 50:015 authorizes the Commission, in special cases and for good cause shown to permit deviation from its other rules and regulations.

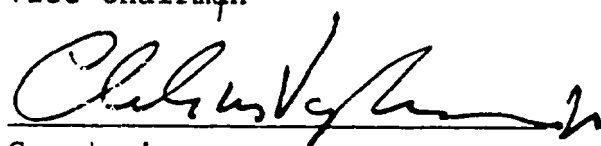

IT IS THEREFORE ORDERED that Warren RECC be authorized to maintain records of meter tests and meter history on a computer file in lieu of a card file as required in regulation 807 KAR 50:015, Section 15.

Done at Frankfort, Kentucky this 10th day of November, 1980.

ENERGY REGULATORY COMMISSION

  
Chairman

  
Vice Chairman

  
Commissioner
