APPENDIX "A"

APPENDIX TO AN ORDER OF THE UTILITY REGULATORY
COMMISSION IN CASE NO. 7550 DATED MAY 30, 1980

PLAN 1 AS SUBMITTED BY B & H, INC.

PLAN 1

The Total amount to be refunded (\$5,830.00) would be refunded immediately.

(Comment: B & H, Inc. does not have the money to make such payments. B & H, Inc. would have to borrow money from one of the local lending institutions. Both banks that I called (Madison National Bank and State Bank and Trust) said that loans could be obtained today at an interest rate of 14%, but that the rate in two weeks (April 8, 1980) is expected to be 16%. If B & H, Inc. had to borrow \$5,880.00 in order to refund charges, the interest would add an additional expense of approximately \$933.00 for the first year. It would take B & H, Inc. five years to pay off the loan, assuming all profits were allocated to principal and interest and assuming B & H, Inc. had no additional expenses.)
