THE PROVISIONS OF CHAPTER 74 OF KENTUCKY)
REVISED STATUTES, FOR THE SALE OF THE)
WATER DISTRICT TO THE CITY OF BARBOURVILLE)

O R D E R

Preface

On January 7, 1980, Richland Water District ("Seller") and the City of Barbourville ("Purchaser") filed with the Commission an application seeking approval of the sale and purchase of the Richland Water District in accordance with the terms of a contract dated June 7, 1979. The seller serves customers who reside within the area drained by the waters of Richland Creek, in Knox County, Kentucky, but outside the corporate limits of the City of Barbourville, Kentucky.

This matter was set for hearing at the Commission's offices in Frankfort, Kentucky, on January 25, 1980. All parties of interest were notified with the Consumer Protection Division of the Attorney General's Office being permitted to intervene in this matter. At the hearing certain requests for information were made by the staff. This information has now been received and the entire matter is now considered to be fully submitted for a final determination by this Commission.

Findings in This Matter

The Commission, after a review of the record and being fully advised is of the opinion and finds:

1. That on June 7, 1979, the seller and the purchaser entered into an agreement whereby the seller agrees to sell and the purchaser agrees to purchase the entire water system of the seller consisting of all materials, equipment, and improvements as set out and detailed in the Contract of Merger, but not limited to the items set out in the contract. Further that the purchaser will assume the indebtedness to United States of America, acting through the Farmers

Home Administration, United States Department of Agriculture of a total amount of One Hundred Eighteen Thousand Five Hundred (\$118,500) Dollars, with interest of five (5%) per cent per annum payable semi-annually on January First and July First of each year and evidenced by thirty-two (32) revenue bonds dated 1980 through the year 2011.

2. That the purchaser is ready, willing and able to provide for the operation and maintenance of the existing water system in the area set forth in the application.

3. That the sale of the Richland Water District does not adversely affect the public interest and should be approved.

4. That the purchaser will adopt the official rates being charged to the customers that are currently being served by the seller.

5. That the seller should file with this Commission the appropriate journal entries effecting the sale of the Richland Water District.

Orders in This Matter

The Commission, on the basis of the matters hereinbefore set forth and the evidentiary record in this case:

HEREBY ORDERS that the City of Barbourville is hereby authorized to purchase the Richland Water District in accordance with the terms of sale as set forth in the Contract dated June 7, 1979, and attached hereto and made a part hereof as Appendix "A".

IT IS FURTHER ORDERED that the rates for water service shall remain the same as those approved by this Commission prior to the date of this Order.

IT IS FURTHER ORDERED that the Richland Water District shall file with the Commission the appropriate journal entries effecting the sale of the Richland Water District.

Done at Frankfort, Kentucky, this 19th day of February, 1980.
