ORDER

On February 19, 1980, The Union Light, Heat and Power Company and Owen County R.E.C.C. filed a joint application for approval of their contract, dated September 7, 1979, revising the boundary line between their respective certified territories, heretofore established, in the vicinity of Oakbrook Subdivision, Sections F & H, located on the proposed extension of South Limaburg, Road, approximately one (1) mile south of State Route 18, Boone County, Kentucky.

By Order of March 26, 1980, the Commission requested certain additional information, including a larger scale map of the affected area, and such information has been received.

Having considered said contract, the maps filed, and the additional information furnished, the Commission is of the opinion and finds:

(1) That a hearing will not be necessary to determine the merits of said Application because all parties required under KRS 278.018 have agreed to the revision of the boundary line as proposed.

(2) That the furnishing of electrical energy in accordance with the terms and provisions of said contract is in the public interest, will promote the purposes of KRS 278.016, and will provide adequate and reasonable service to the areas and consumers affected thereby; and therefore said Contract should be approved.

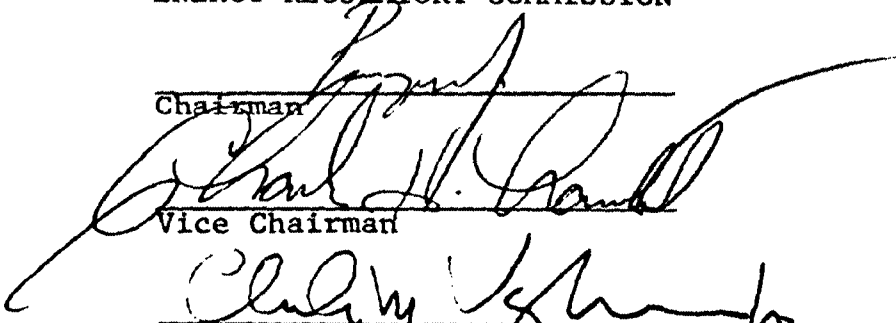

(3) That the larger scale detail map furnished by Union Light, Heat and Power Company on April 7, 1980, marked as "Revised Preliminary - Southern Portion of OAKBROOK, Boone County,

Kentucky, Scale: 1" = 100', June 20, 1979. Voix vs. Voix, P.S.C., Civil Engineers & Land Surveyors, Erlanger, Kentucky," with "Existing Service Boundary Area" and "Proposed Service Boundary Area" marked thereon, should be filed with the Commission as the official boundary between the Certified Territories of the Applicants in the affected area.

IT IS THEREFORE ORDERED that the Contract dated September 7, 1979, between the joint applicant utilities, filed with the Commission on February 19, 1980, be and hereby is approved with respect to the revision of the boundary between the Certified Territories of the Union Light, Heat and Power Company and Owen County R.E.C.C. in the area described above in Boone County, Kentucky.
