

COMMONWEALTH OF KENTUCKY  
BEFORE THE UTILITY REGULATORY COMMISSION

\* \* \* \* \*

In the Matter of:

TARIFF FILING OF NORTH SHELBY	)	
WATER COMPANY INCREASING	)	CASE NO. 7914
SERVICE CONNECTION CHARGE AND	)	
RECONNECTION CHARGES	)	

O R D E R

On June 23, 1980, North Shelby Water Company filed revised tariff sheets, to be effective July 15, 1980, whereby it proposed to increase the service connection fee from \$234.00 to \$300.00 for 5/8 or 3/4 inch meters, to increase the reconnection charge from \$5.00 to \$10.00, and to include the cost of disconnection in the amount of \$10.00 where service has been discontinued for non-payment of bills. The tariff was suspended until December 15, 1980. The utility was requested to file cost justification for the proposed charges, balance sheets showing the effect of the increased charges on revenues, and proof of the required notice to it's customers. The utility was also requested to make certain changes in its rules and regulations to clarify and update them in compliance with the Commission's administrative regulations. There were no intervenors and no protests were filed.

The Commission, having reviewed the record and being otherwise sufficiently advised, FINDS:

1. That notice requirements to the Commission and the public have been met;
2. That there are no intervenors, no protests have been filed, and no hearing has been requested;
3. That the requested information has been filed and provides sufficient evidence upon which to base a decision;
4. That the holding of a hearing and taking of further evidence would serve no purpose and that formal hearing should be waived;
5. That the proposed charges are fair, just and reasonable and should be approved;
