

COMMONWEALTH OF KENTUCKY
BEFORE THE ENERGY REGULATORY COMMISSION

* * * * *

In the Matter of

THE ENERGY REGULATORY COMMISSION)
VS. THE UNION LIGHT, HEAT AND) CASE NO. 8133
POWER COMPANY)

O R D E R

On January 28, 1981, the Commission issued an Order in the above-styled matter. The Commission upon further review of the Order and the Appendix attached thereto and made a part thereof finds that a typographical error exists on line 4 of Finding of Fact No. 9 on Page 11 of the Appendix, in that "Subsection (a)(6)" was shown as "Subsection (2)(6)." This error is minor in nature and does not substantially change the intent of the Appendix.

The Commission therefore finds that Finding of Fact No. 9 contained on Page 11 of Appendix "A" of the Commission's Order dated January 28, 1981, should be deleted and Appendix "A" amended to correct said error.

IT IS THEREFORE ORDERED that Appendix "A" of the Commission's Order dated January 28, 1981, shall be amended to exclude Finding of Fact No. 9 as contained on Page 11.

IT IS FURTHER ORDERED that the following shall be inserted as Finding of Fact No. 9:

Office of Pipeline Operations Regulation 192.615(a) requires that each operator shall establish written procedures to minimize hazards resulting from a gas pipeline emergency. Subsection (a)(6) of this section requires that an emergency shutdown procedure be a part of these written procedures. Union's emergency plan does not incorporate an emergency shutdown procedure.

IT IS FURTHER ORDERED that all other provisions of Appendix "A" attached thereto and made a part thereof of the Commission's Order dated January 28, 1981, remain in full force and effect.

Done at Frankfort, Kentucky, this 10th day of February, 1981.
