THE USE OF NATURAL GAS OUTDOOR    )    CASE NO. 8215  
LIGHTING                                )

O R D E R

On December 3, 1979, the Energy Regulatory Commission, predecessor to the Public Service Commission, received the application of Pauline B. Johnson ("Applicant") for an exemption from the prohibition on the continued use of natural gas in existing outdoor lighting under Section 402 of the Federal Industrial Power Plant and Fuel Use Act of 1978.

The Commission, after further consideration of all the evidence of record and being fully advised, is of the opinion and finds that:

(1) The Applicant has published the public notice required by 807 KAR 5:035E, Section 5.

(2) Neither the Applicant nor any other interested person has requested a hearing pursuant to 807 KAR 5:036E, Section 6.

(3) Proper notice was sent to the natural gas supplier, Louisville Gas and Electric Company, requesting continued gas light service pending this determination.

(4) The Applicant has met all other requirements contained in 807 KAR 5:036E and Section 402 of the Power Plant and Industrial Fuel Use Act of 1978 for obtaining an exemption under the regulation.

The Commission, on the basis of the above-stated findings,  
ORDERS that Pauline B. Johnson, Bardstown, Kentucky, be and  
hereby is granted authority for continued use of the existing

supplied by Louisville Gas and Electric Company.
