

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

GENERAL ADJUSTMENTS IN ELECTRIC )  
AND GAS RATES OF LOUISVILLE GAS ) CASE NO. 8616  
AND ELECTRIC COMPANY )

O R D E R

On November 9, 1982, Jefferson County, Kentucky, and City of Louisville, Kentucky, ("Jefferson/Louisville") an intervenor in this proceeding, filed supplemental requests for information from Louisville Gas and Electric Company ("LG&E"). On November 15, 1982, LG&E filed objections to supplemental request nos. 2, 4 and 10. None of the intervenors filed a response to LG&E's objections.

Based upon the evidence of record and being advised, the Commission hereby finds that:

1. Supplemental data request no. 2, requesting LG&E to calculate a net AFUDC rate, involves assumptions which LG&E should not be required to make since it has not accrued AFUDC for decades.
2. No party is precluded from presenting testimony to support the need for a change in LG&E's accounting policy.
3. Supplemental data request no. 4, requesting all reports submitted to the Edison Electric Institute for 1971 through 1981, is too generalized and would be unduly burdensome upon LG&E.

4. Jefferson/Louisville should have an opportunity to request the production of specific reports filed by LG&E with the Edison Electric Institute.

5. Supplemental data request no. 10, requesting FERC Form 12 for 1979 and 1980, was part of Jefferson/Louisville's original data request and is not burdensome to produce.

6. Supplemental data request no. 10, requesting FERC Forms 1 and 12 for 1974 through 1978, does not concern matters within the scope of Jefferson/Louisville's initial data request and would be burdensome to produce. The information requested is available for inspection at LG&E's office.

IT IS THEREFORE ORDERED that LG&E's objections to Jefferson/Louisville's supplemental data requests nos. 2, 4 and so much of 10 as encompasses FERC reports through 1978 be and they hereby are sustained.

IT IS FURTHER ORDERED that LG&E's objections to Jefferson/Louisville's supplemental data request no. 10 encompassing FERC Form 12 for 1980 and 1979 be and it hereby is overruled and that LG&E shall respond to this request within five days of the date of this Order.

IT IS FURTHER ORDERED that Jefferson/Louisville shall have five days from the date of this Order to request specific reports filed by LG&E with the Edison Electric Institute and that LG&E shall have an additional five days to file its response.

Done at Frankfort, Kentucky, this 8th day of December,  
1982.
