

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE CATV POLE ATTACHMENT	)	
TARIFF OF CLARK RURAL	)	ADMINISTRATIVE
ELECTRIC COOPERATIVE	)	CASE NO. 251-30
CORPORATION	)	

O R D E R

Procedural Background

On September 17, 1982, the Commission issued an Amended Order in Administrative Case No. 251, "The adoption of a Standard Methodology for Establishing Rates for CATV Pole Attachments," and ordered electric and telephone utilities providing or proposing to provide CATV pole attachments to file tariffs conforming with the principles and findings of the Order on or before November 1, 1982.

On October 30, 1982, Clark Rural Electric Cooperative Corporation ("Clark") filed rates, rules, and regulations governing CATV pole attachments. On November 15, 1982, the Commission suspended Clark's CATV pole attachment tariff to allow the maximum statutory time for investigation and comment from interested persons.

On November 19, 1982, the Kentucky Cable Television Association, Inc., ("KCTA") requested and was granted leave to intervene and comment on Clark's CATV pole attachment tariff. On January 17, 1983, KCTA filed a statement of objections to various

CATV pole attachment tariffs, but made no specific objections in the case of Clark.

The Commission considers the matter of Clark's CATV pole attachment tariff submitted for final determination.

#### Findings

The Commission, having considered the evidence of record and being advised, is of the opinion and finds that:

1. Clark's rules and regulations governing CATV pole attachments conform with the principles and findings of the Commission's Amended Order in Administrative Case No. 251, and should be approved, except as follows:

(a) On sheet 21, the late payment provision should be the same as that applied to other commercial classes of service.

2. Clark's calculation of its annual carrying cost should be modified to exclude interest expense as this is covered by the "cost of money" component.

3. Clark's calculation of its pole attachment rates was based on investment over only the last 25 years. Therefore, Clark's calculation should be modified to include fully embedded costs.

4. Clark should be allowed to substitute 1982 Annual Report information to adjust its annual carrying charge, if the information is available and filed with the Commission.

#### ORDERS

IT IS THEREFORE ORDERED that Clark's CATV pole attachment tariff as filed with the Commission on October 30, 1982, be and it hereby is dismissed.

IT IS FURTHER ORDERED that Clark shall file revised rates, rules, and regulations governing CATV pole attachments with the Commission within 30 days from the date of this Order, and that the revised rates, rules and regulations shall conform with the findings of this Order.

IT IS FURTHER ORDERED that Clark shall file detailed workpapers supporting its revised rates at the same time it files its revised rates, rules and regulations.

Done at Frankfort, Kentucky, this 31st day of March, 1983.
