

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

NOTICE OF SOUTH CENTRAL BELL )  
TELEPHONE COMPANY OF AN )  
ADJUSTMENT IN ITS INTRASTATE ) CASE NO. 8847  
RATES AND CHARGES )

and

THE VOLUME USAGE MEASURED RATE )  
SERVICE AND MULTILINE SERVICE )  
TARIFF FILING OF SOUTH CENTRAL ) CASE NO. 8879  
BELL TELEPHONE COMPANY )

ORDER

IT IS ORDERED that South Central Bell Telephone Company ("SCB") shall file an original and 15 copies of the following information with the Commission on or before 12 Noon November 28, 1983. Each copy of the data requested should be placed in a bound volume with each Item tabbed. When a number of sheets is required for an Item, each sheet should be appropriately indexed, for example, Item 1(a), Sheet 2 of 6. Include with each response the name of the witness who will be responsible for responding to questions relating to the information provided. Careful attention should be given to copied material to insure that it is legible. Where information requested herein has been provided along with the original application, in the format requested

herein, reference may be made to the specific location of said information in responding to this information request. When applicable, the information requested herein should be provided for total company operations and Kentucky jurisdictional operations, separately. If neither the requested information nor a motion for an extension of time is filed by the stated date, the case may be dismissed.

1. Identify the number of employees to be retained by SCB Kentucky, and the number to be transferred to AT&T, or to other entities such as the CSO or the RHC, by job function and by job function code ("JDC"), as identified in the attached sheets. For example, identify the total number of employees associated with job function B02.03, "Engineering, Customer Service," and the number of employees associated with each job function code within the category, i.e, JFCs 345X, 347X, 004X, 3537, 202X. Of these totals, identify the exact amount of employees who will be transferred to AT&T or other entities, and the number to be retained by SCB Kentucky. (The total number of employees associated with each job function should be allocated to an identified entity.) Provide this information for the full employee force as of April 30, 1983, and for each job function and JFC.

2. Identify by job function and JFC, in the same manner as above, the number of employees that were transferred to AT&T Information Systems (formerly American Bell, Inc., "ABI") prior to April 30, 1983.

3. Explain in detail how test year expense results were adjusted to reflect the fact that employees were transferred to ABI during the course of the test year. Demonstrate the calculations that produced this adjustment.

4. Please provide the Bell System's "FA MR/IBPS Functional Code Specifications, Volume 1, Section 2--Function Hierarchy--Narratives" which describe the activities and Job Function Codes associated with the functional subaccounts (FSUBs) for all USOA expense accounts, i.e., FSETs 0900 through 2300, including all subaccounts (e.g., FSUBs 0901; 100C; 1301; 1507; 230M; etc.).

Done at Frankfort, Kentucky, this 21st day of November, 1983.
