In The Matter of:

GENERAL ADJUSTMENT IN ELECTRIC)
AND GAS RATES OF LOUISVILLE) CASE NO. 8924
GAS AND ELECTRIC COMPANY)

O R D E R

On May 16, 1984, the Public Service Commission ("Commission") entered an Order in Case No. 8924 wherein it approved rates and charges for Louisville Gas and Electric ("LG&E") to be effective on and after May 14, 1984. The gas section of Appendix A was incorrect in that the rates reflected an incorrect PGA amount corresponding to Base Supplier Rate. Further the new PGA rate was not reflected in Appendix A.

The Commission has confirmed this finding with LG&E and amended the Appendix to the Order issued in this case. The amended Appendix will decrease the level of revenue requirements approved in this case by \$5,227,324.

IT IS THEREFORE ORDERED that Revised Appendix A be and it hereby is approved for service rendered on and after May 14, 1984.

IT IS FURTHER ORDERED that the second paragraph on page 27 of the Order should be restated to read as follows:

"The rates and charges in Appendix A are designed to produce gross operating revenues, based on the adjusted test year, of \$664,731,667. These operating revenues include \$433,202,531 in

electric revenues and \$231,529,136 in gas revenues. The gas revenues reflect a reduction of \$14,246,019 due to the PGAs approved since LG&E's last general rate case."

IT IS FURTHER ORDERED that the third paragraph on page 50 of the Order should be restated to read as follows:

"1. The rates in Appendix A are the fair, just and reasonable rates for LG&E and will produce gross annual revenues based on adjusted test year sales of approximately \$664,731,667."

IT IS FURTHER ORDERED that all other provisions of the Commission Order entered May 16, 1984, not amended herein shall remain in full force and effect.

Done at Frankfort, Kentucky, this 30th day of May, 1984.
