

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

\* \* \* \* \*

In the Matter of:

THE COMPLAINT OF MR. BOBBY FLORA )  
AND OTHERS AGAINST THE SOUTH ) CASE NO. 8990  
WOODFORD COUNTY WATER DISTRICT )

O R D E R

Mr. Bobby Flora and other customers of the South Woodford County Water District ("South Woodford") have complained about being billed for more water than they use. This situation is the result of South Woodford's requirement for its service meters to be one-inch or larger for farm properties of 25 acres or more, and a rate schedule with a minimum-bill quantity of 10,000 gallons for one-inch meters. South Woodford's billing records indicate that 112 of its customers with one-inch meters are using less than 10,000 gallons per month and that about 64 of them are using 3,000 gallons or less per month.

The Commission is of the opinion that a hearing for the purpose of receiving testimony from all parties of interest in this matter is essential to its appropriate resolution.

IT IS THEREFORE ORDERED that South Woodford shall appear at a hearing in Hearing Room No. 2 of the Public Service Commission Annex, 677 Commanche Trail, Frankfort, Kentucky, at 10:00 A.M., Eastern Standard Time, on April 5, 1984, and show cause, if any it can, for the continuation of its meter size requirements and its method of billing for its farm customers.

Done at Frankfort, Kentucky, this 13th day of March, 1984.

PUBLIC SERVICE COMMISSION

  
Chairman

  
Vice Chairman

  
Commissioner
