In the Matter of

THE APPLICATION OF KEN IMPROVEMENT, )  
INC., FOR AN ADJUSTMENT OF RATES ) CASE NO.  
PURSUANT TO THE ALTERNATIVE PROCE- ) 9144  
DURE FOR SMALL UTILITIES )

O R D E R

On October 16, 1984, the Commission received Motions for Intervention in the above proceeding from Ms. Lorraine E. Bohman and Ms. Catherine A. Laske.

The Commission, having considered the Motions and being advised, finds that to allow official intervention status for each and every user who requests it will be unduly costly to the utility and will not substantially add to the evidence of record. The Attorney General's Office is available to provide such representation and has agreed to do so in this case. Also, another group of residents, South Shelby Civic Association, Inc., filed a petition to intervene and, being represented by its president, will be allowed full intervention status. The Commission encourages these residents to either join the original petition of South Shelby Civic Association or use the Attorney General's Office as their representative in this case.

IT IS THEREFORE ORDERED that the Motions for Intervention filed by Ms. Lorraine E. Bohman and Ms. Catherine A. Laske be and they hereby are denied. They will be treated as official protests and placed in the official case record.

IT IS FURTHER ORDERED that the Secretary of the Commission shall notify these petitioners as to the procedures to contact both the Attorney General and other parties who may be of specific help to these consumers.

Done at Frankfort, Kentucky, this 27th day of November, 1984.
