O R D E R

IT IS HEREBY ORDERED that Johnny L. Wills, d/b/a Kentucky Radio Service ("Kentucky Radio") shall file the original and 10 copies of the following information, with a copy to all parties of record, within 3 weeks of the date of this Order. If neither the requested information nor a motion for extension of time is filed by the stated date, the case may be dismissed without prejudice.

1. On Sheets 6 and 15 of the proposed tariff, the maximum liability of the licensee has been reduced from \$500 to \$50. Further, the stated dollar value of valued messages after which the subscriber is required to pay 1/10 of 1 percent per stated

dollar value in addition to the regular rate, has been reduced from \$500 to \$50.

(a) Please provide the reason and any other justification for this reduction.

(b) Explain the effect such reduction will have on the revenues of Kentucky Radio.

2. The current tariff provides for an unlimited number of radio telephone calls for the monthly rate of \$32.50. The proposed tariff limits calls to the first 100 minutes for this same rate and provides for an additional charge of \$.20 per minute for time in excess of 100 minutes.

(a) Please provide the reasons for this change and any other available justification.

(b) Provide data showing the revenue effect of the change.

3. The current tariff provides for a 15 percent discount for radio telephone bulk users with 5 or more similar units. The proposed tariff reduces the discount to 10 percent and the number of units from 5 to 3.

(a) Please provide the reasons and any other justification for this change.

(b) Provide data showing the revenue effect of the change.

4. Provide evidence that customers have been notified of the proposed change in rates in accordance with 807 KAR 5:011, Section 8.

Done at Frankfort, Kentucky, this 7th day of August, 1985.
