BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF LOUISVILLE GAS AND)
ELECTRIC COMPANY FOR AN ORDER AUTHORIZING) CASE NO.
THE ISSUE OF SECURITIES AND THE) 9460
ASSUMPTION OF OBLIGATIONS)

O R D E R

On January 18, 1986, Louisville Gas and Electric Company ("LG&E") filed a letter with the Commission requesting that its application to issue securities and assume obligations in connection with the construction of pollution control facilities at its Trimble County Generating Plant be held in abeyance until it can determine whether any action is needed to preserve the proposed method of financing. LG&E stated that the deferral is necessary to evaluate anticipated Congressional legislation but in any event would not go beyond December 31, 1986.

Based on LG&E's request, which will be treated as a motion, and being advised, the Commission is of the opinion and hereby finds that good cause exists to hold this case in abeyance until either a further motion by LG&E or December 31, 1986.

IT IS THEREFORE ORDERED that this case be and it hereby is held in abeyance until either LG&E requests the Commission to resume processing the financing application or December 31, 1986.

Done at Frankfort, Kentucky, this 21st day of July, 1986.
