

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AT&T COMMUNICATIONS TARIFF PROPOSAL)
FOR SOFTWARE DEFINED NETWORK SERVICE) CASE NO. 9519

O R D E R

On August 29, 1986, AT&T Communications of the South Central States, Inc., ("AT&T") applied to the Commission for a rehearing in this case pursuant to KRS 278.400. The issue of concern for the rehearing is in regard to Ordering Paragraph 9 of the Commission's final Order in this case dated August 27, 1986, which states: "Contracts between AT&T and SDN customers shall indicate that SDN service is subject to review and change by the Commission 1 year from the date of this Order."

AT&T feels that Ordering Paragraph 9 should be eliminated from the Order for the following reasons: (1) elimination of the provision will not adversely affect the Commission's concern with the separations issue; (2) the provision will significantly impair the marketability of the SDN service; and (3) the provision is not practical because the SDN service is marketed on an inter, not an intrastate basis. For this reason AT&T may not be aware that, at the time AT&T contracts with a customer for SDN service, the customer will require the SDN service in an intrastate basis within the Commonwealth of Kentucky. Therefore, it is not practical to advise the customer in the SDN service contract of the possibility of the Commission's review of and change to the SDN tariff

since the customer may or may not use SDN service on an intrastate basis in Kentucky.

Based on the issues presented in this petition for rehearing and the evidence of record and being advised, the Commission is of the opinion and finds that a rehearing should be granted insomuch as the final Order of Case 9519 should be amended to delete Ordering Paragraph 9 from that Order.

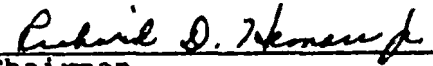

Also, ordering paragraph 6 of the final Order of this case, the contents of which were inadvertently deleted and instead repeated with the contents of Ordering Paragraph 4, shall be amended to read, "AT&T shall reimburse the LECs for the net revenue loss accrued as a result of unauthorized intralata call completion as described in this Order."

IT IS THEREFORE ORDERED that:

1. AT&T is granted a rehearing on the issues discussed in this Order.
2. The final Order issued in Case No. 9519 dated August 27, 1986, be and it hereby is amended as described above.

Done at Frankfort, Kentucky, this 17th day of September, 1986.
