

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

PURCHASED WATER ADJUSTMENT OF )  
CHRISTIAN COUNTY WATER DISTRICT ) CASE NO. 9963

O R D E R

On July 13, 1987, Christian County Water District ("Christian County") filed its revised tariff sheets with the Public Service Commission ("Commission") for the purpose of adjusting its rates pursuant to KRS 278.015 and 807 KAR 5:068, Purchased Water Adjustment.

On July 21, 1987, the Commission requested that additional information be filed. The requested information has now been filed, and the record is complete.

The Commission, having reviewed the evidence of record and being advised, is of the opinion and finds that:

1. Christian County purchases water from 3 suppliers, Hopkinsville Sewer and Water ("Hopkinsville"), Barkley Lake Water District ("Barkley"), and Crofton Water Department ("Crofton").
2. On June 28, 1987, Hopkinsville increased its rate for wholesale water from \$1.02 per 1,000 gallons to \$1.31. There has been no increase from either Barkley or Crofton.
3. Christian County purchased 107,519,000 gallons of water from Hopkinsville during the 12 months ending June 30, 1987, and sold 109,327,000 gallons system-wide.

4. The increase in purchased water costs is \$31,181, resulting in a purchased water adjustment of \$.29 per 1,000 gallons.

5. Christian County adjusted the rates to its customers by \$.29 per 1,000 gallons, effective June 28, 1987.

6. Christian County's tariff is incorrect in that it includes a provision on 3rd Revised Sheet No. 6 which allows Pennyrile Forest State Resort Park ("Pennyrile") to be charged either through the rate schedule or a minimum of \$100 per month. In Case No. 8864,<sup>1</sup> the Commission specifically found that this provision was inappropriate and that Pennyrile should be charged according to the rate schedule for 4-inch meters as shown in Appendix A to that Order. This provision should, therefore, be deleted from the proposed tariff.

7. The purchased water adjustment in the amount of \$.29 per 1,000 gallons and the rates in Appendix A are fair, just, and reasonable and should be approved.

IT IS THEREFORE ORDERED that:

1. The purchased water adjustment of \$.29 per 1,000 gallons of water and the rates in Appendix A be and they hereby are approved for services rendered on and after June 28, 1987.
