

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION FOR CERTIFICATE OF)
CONVENIENCE AND NECESSITY AND) CASE NO. 9997
AUTHORITY TO ISSUE NOTE BY AUXIER)
WATER COMPANY, INC.)

INTERIM ORDER

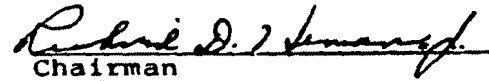

On August 11, 1987, Auxier Water Company, Inc. ("Auxier Water"), through its counsel, moved for an expedited order authorizing its acquisition of piping materials associated with the proposed Johns Creek extension and its issuance of a note to the Small Business Administration for that purpose.

The petition states that the cost of piping materials for the proposed project will increase approximately ten per cent, or three thousand dollars, if Auxier Water fails to accept an offer to buy these materials from its supplier by August 24, 1987.

This matter having been reviewed and there being no apparent reason for denial, IT IS THEREFORE ORDERED that Auxier Water be authorized to purchase the piping materials associated with the Johns Creek extension and to issue a note to the Small Business Administration for that purpose. This authorization is interim in nature and does not constitute final approval of any aspect of Auxier Water's application.

Done at Frankfort, Kentucky, this 20th day of August, 1987.
