STATE LONG DISTANCE TELEPHONE SERVICE TO THE )  
PUBLIC IN THE COMMONWEALTH OF KENTUCKY AND )  
FOR THE ESTABLISHMENT OF RATES )

O R D E R

IT IS ORDERED that Litel Telecommunications Corporation ("Litel"), shall file an original and ten copies of the following information with the Commission. The information requested herein is due no later than January 15, 1988. If the information cannot be provided by this date, you should submit a motion for an extension of time stating the reason a delay is necessary and include a date by which it will be furnished. Such motion will be considered by the Commission.

1. On page 3, paragraph 6, of the application, it is stated: "the service will be offered to Northern Kentucky by access through Cincinnati Bell and to the Louisville and Lexington areas by reselling transport services."

a) Identify and explain what is meant by reselling transport services.

b) Identify the service that will be offered to Northern Kentucky by access through Cincinnati Bell.

2. Identify the exact services to be resold, and include the name of the provider and terms of the agreements between Litel and provider. If the services to be resold are obtained under tariffs, identify the tariffs.

3. On page 3, paragraph 6, of the application, it is stated: "Litel proposes to offer switched and dedicated digital long distance telecommunications services---." Since the Commission has not authorized the resale of private line services, please explain how dedicated facilities will be provided.

4. In Case No. 10021, "The Application of the Western Union Telegraph Company for Authority to Provide Intrastate InterLATA Telephone Service as a Nondominant Carrier", Western Union identified Litel as a provider of fiber optic capacity. However, in its application, Litel has indicated that it has no network facilities located in Kentucky. Please explain.

5. Will Litel use any of its facilities located outside Kentucky to provide Kentucky intrastate service? Intrastate service is service that originates and terminates in Kentucky.

6. Provide a sketch showing all of Litel's network facilities in the Continental U.S.

7. Does Litel plan to construct transmission facilities in Kentucky in the near future? If so, please describe.

Done at Frankfort, Kentucky, this 29th day of December, 1987.
