

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN INVESTIGATION OF INTERLATA CARRIER ) ADMINISTRATIVE CASE  
BILLED MINUTES OF USE AS A ULAS ) NO. 311  
ALLOCATOR )

O R D E R

On March 7, 1989, AT&T Communications of the South Central States ("AT&T") filed a petition for confidentiality, requesting that its response to Item No. 2 and, Item No. 4 of the Commission's January 23, 1989 Order be deemed confidential pursuant to 807 KAR 5:001, Section 7. In support of its motion AT&T states that the information is competitively sensitive, could be used to AT&T's detriment by competitors, and its disclosure would cause substantial injury.

On April 3, 1989, MCI Telecommunications Corporation ("MCI") filed a motion for confidential treatment requesting that its supplemental response to Item No. 3 of the Commission's January 23, 1989 Order be granted confidential treatment pursuant to 807 KAR 5:001, Section 7. In support of its motion MCI asserts that the information is commercially and competitively sensitive, that its disclosure would cause substantial competitive injury, that the information is not known outside of MCI nor widely disseminated within MCI, and that granting this motion will not cause damage to public interest.

The Commission, having considered these motions and being sufficiently advised, is of the opinion and finds that:

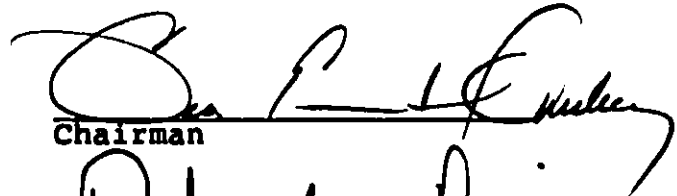

1. AT&T's motion for confidential treatment should be granted.

2. MCI's motion for confidential treatment should be granted.

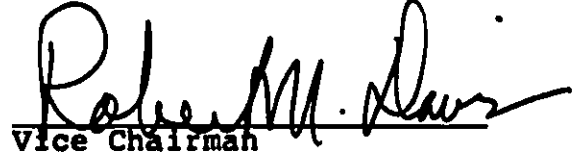

BE IT SO ORDERED.

Done at Frankfort, Kentucky, this 2nd day of May, 1989.

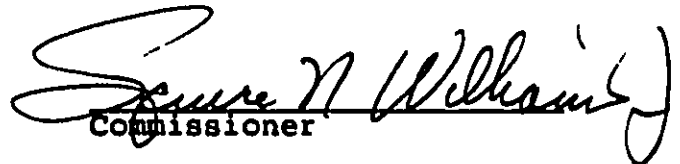

PUBLIC SERVICE COMMISSION

Chairman

Vice Chairman

Commissioner
