

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

AN INQUIRY INTO INTRALATA TOLL)	
COMPETITION, AN APPROPRIATE)	ADMINISTRATIVE
COMPENSATION SCHEME FOR COMPLETION)	CASE NO. 323
OF INTRALATA CALLS BY INTEREXCHANGE)	PHASE I
CARRIERS, AND WATS JURISDICTIONALITY))	

O R D E R

This matter arising upon motion by Cincinnati Bell Telephone Company ("Cincinnati Bell") filed July 21, 1989 for an exemption from the Order of June 22, 1989, and it appearing to the Commission as follows:

On June 22, 1989, the Commission directed parties to provide a jurisdictional separation study in sufficient detail to show interstate and intrastate and interLATA and intraLATA revenue requirements by principal service categories. Cincinnati Bell provides service in three states--namely, Kentucky, Indiana, and Ohio--and does not separate accounting records for each of the them. Therefore, providing a separation study limited to Kentucky operations would be extremely burdensome and time consuming. Cincinnati Bell should, however, be able to produce such information based on its combined operations.

This Commission being otherwise sufficiently advised, IT IS ORDERED that Cincinnati Bell Telephone Company shall respond to Item 1 of the June 22, 1989 Order by providing a separation study based on its combined operations in Kentucky, Indiana, and Ohio.
