

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

INVESTIGATION OF THE KENTUCKY)	
INTRASTATE RATES OF SOUTH CENTRAL)	CASE NO. 10105
BELL TELEPHONE COMPANY, INC.)	

O R D E R

On February 28, 1989, South Central Bell Telephone Company ("SCB") filed a motion for confidential treatment pursuant to 807 KAR 5:001, Section 7, requesting that its responses to certain oral data requests of the Commission and the Attorney General, by and through his Utility and Rate Intervention Division ("Attorney General"), made at the February 14, 1989 hearing be held confidential. The Commission, through its Staff, requested SCB to provide local and toll Directory Assistance revenue and cost data including revenue increases associated with the proposed elimination of allowances (Item 2, attachment). The Attorney General asked SCB to provide units by mileage band for the first three toll mileage bands covering the most recent 12-month period (Item 1, attachment).

In support of its motion SCB states that the information is competitively significant, that the assumptions and analysis used in the data are unique to SCB, that the information is not known outside of SCB nor widely disseminated within SCB. The Commission, having considered the motion and being sufficiently advised, is of the opinion and finds that it should be granted.

BE IT SO ORDERED.
