O R D E R

Cannonsburg Water District ("Cannonsburg") filed an application on July 25, 1988 for Commission approval to construct a \$622,771 waterworks improvement project, approval of its plan of financing of the project and increase in general rates. The Commission considered Cannonsburg's application under the provisions of KRS 278.023, which requires Commission approval of federally-funded construction projects within 30 days after minimum filing requirements are met.

After a review of the record and being advised, the Commission is of the opinion and finds that:

1. Cannonsburg has not met the minimum filing requirements that are prerequisites to Commission review and approval under KRS 278.023.

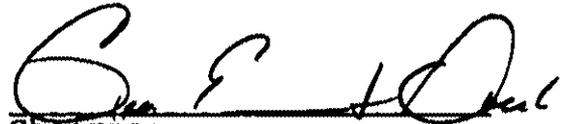

2. Cannonsburg's application has been pending on the Commission's docket for 8 months.

3. Cannonsburg's case should be dismissed without prejudice to refile its application at a later date under KRS 278.023.

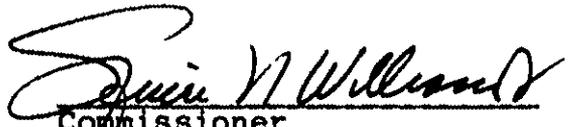

IT IS THEREFORE ORDERED that Case No. 10329 is hereby dismissed without prejudice to Cannonsburg to refile its application under KRS 278.023 when the minimum filing requirements can be met.

Done at Frankfort, Kentucky, this 21st day of March, 1989.
