O R D E R

The above named water districts by petition filed April 28, 1989, requested Commission approval to deviate from the meter testing requirements prescribed by 807 KAR 5:066, Section 17(1). The Commission, by Order entered May 17, 1989, denied the request for deviation finding that an inordinate percentage of meters sample tested were outside the "as found" range prescribed in 807 KAR 5:066, Section 16. The districts petitioned for a rehearing which was subsequently granted on June 26, 1989 and further requested a hearing to present evidence in support of the requested deviation.

A hearing was scheduled for September 27, 1989 at 1:00 p.m. in the Commission's offices at Frankfort, Kentucky, however, at the settlement conference held between the parties on September 26, 1989 the districts requested that the hearing be cancelled and rescheduled to allow them sufficient time to develop additional information.

IT IS THEREFORE ORDERED that the hearing scheduled for September 27, 1989 at the Commission's offices is hereby cancelled and will be rescheduled at a later date.

Done at Frankfort, Kentucky this 26th day of September, 1989.
