

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF MARYVILLE SEWAGE SYSTEM, INC. FOR A RATE ADJUSTMENT )  
CASE NO. 89-262 )

O R D E R

On September 15, 1989, Maryville Sewage System, Inc. ("Maryville") filed an application for a rate adjustment under 807 KAR 5:076, while requesting deviation from the regulations as to the criteria for using that alternative rate filing ("ARF") procedure for small utilities. Maryville is a small utility, but it has more than 400 customer billings and gross annual revenues in excess of \$200,000. Maryville's 1988 gross annual revenue was \$278,033.

The Commission finds that 807 KAR 5:076 does not provide for deviation from its ARF criteria; however, the information filed by Maryville is sufficient for the Commission to establish a general rate increase case under 807 KAR 5:001.

IT IS THEREFORE ORDERED that:

1. Maryville's motion to proceed under 807 KAR 5:076 shall be and hereby is denied and the application shall not proceed under ARF.
2. Pursuant to 807 KAR 5:001, Section 14, the requirements of 807 KAR 5:001, Sections 6 and 10, are waived for good cause

shown and the information filed by Maryville is accepted as an application for authority to adjust its rates generally.

Done at Frankfort, Kentucky, this 4th day of October, 1989.
