ELECTRIC COOPERATIVE CORPORATION'S)
REVISION TO ITS ELECTRIC POWER) CASE NO. 89-314
TARIFF)

O R D E R

IT IS ORDERED that Fleming-Mason Rural Electric Cooperative Corporation ("Fleming-Mason") shall file the original and 12 copies of the following information with the Commission, with a copy of all parties of record. Each item of the data requested should be numbered and each page of each response should be appropriately indexed, e.g., Item No. 1(a), Page 2 of 4. The information requested herein is due no later than 10 days from the date of this Order.

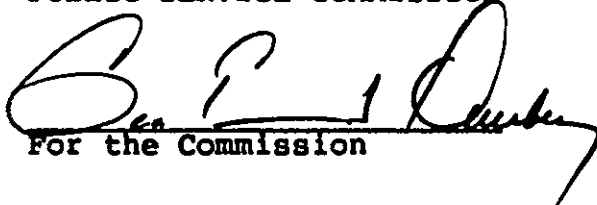

Exhibits C and D of the application show a \$96,608 reduction in power costs with Dravo Lime considered a Section E customer receiving a separate reduction of \$19,763. This differs from East Kentucky Power Cooperative's application in Case No. 89-311¹ where Dravo was considered a potential Section B or C load and the power cost reduction was only \$76,846. These differences affect only

¹ Case No. 89-311, The Notice of East Kentucky Power Cooperative, Inc. of a Revision to Its Wholesale Electric Power Tariff.

Dravo Lime and the rate it will be charged. Provide a detailed explanation for the decision to treat Dravo Lime as a Section E load receiving a separate decrease rather than as a Section B or C load. This explanation should include any demand or sales data for Dravo Lime which supports the decision to treat it as a Section E load.
