

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

TARIFF FILING OF ALLNET COMMUNI- }
CATIONS SERVICES, INC. TO INTRODUCE }
TWO NEW SERVICES: MAXCESS III AND } CASE NO. 90-231
VANTAGE }

O R D E R

On July 16, 1990, Allnet Communications Services, Inc. ("Allnet") filed revised tariff sheets with the Public Service Commission ("Commission") seeking permission to introduce two new services, Maxcess III and Vantage, to delete references to Allnet Dedicated Services ("A.D.S."), and to make certain textual, clarifying, and organizational changes in its currently effective tariff.

On August 8, 1990, South Central Bell Telephone Company ("SCB") filed a motion to intervene based on the premise that Allnet's proposed new services could be utilized to generate unauthorized intraLATA traffic. By Order of August 14, 1990, the Commission granted SCB's motion to intervene and approved in part and suspended in part Allnet's proposed tariff. The tariff pages suspended were:

Kentucky Tariff No. 1	3rd Revised Page 18
Kentucky Tariff No. 1	2nd Revised Page 21
Kentucky Tariff No. 1	2nd Revised Page 36
Kentucky Tariff No. 1	2nd Revised Page 37

On August 29, 1990, Allnet submitted a letter to the Commission requesting reconsideration of the tariff suspension

and, on August 31, 1990, filed a corrected page 21 to be substituted for 2nd Revised Page 21, which was suspended. The purpose of the correction was to clarify that customers may presubscribe long distance service to Allnet for Maxcess III and Vantage service offerings, not local service. The corrected page also included a minimum usage of 30 seconds per call for Vantage service.

Maxcess III and Vantage services are one-way multipoint services whereby the customer originates calls via dedicated facilities or by presubscribing long distance service to Allnet. These services are generically similar to other service offerings that have been approved by the Commission.¹ Other related service offerings that are capable of generating "unauthorized" intraLATA traffic have also been approved.²

¹ AT&T Megacom 800 Service was approved in Case No. 9874, AT&T Tariff Filing Proposing Megacom/Megacom 800 Service; AT&T Readyline 800 Service was approved in Case NO. 10106, AT&T Tariff Filing Proposing AT&T Readyline 800 Service; and MCI 800 Service was approved in Case NO. 10049, MCI's Tariff Filing to Introduce Metered Use Option H.

² These include AT&T's Software Defined Network Service, approved in Case No. 9518, AT&T Communications' Tariff Proposal for Software Defined Network Service; AT&T Megacom Service, approved in Case No. 9874; MCI's Prism I and Prism II Service, approved in Case NO. 9828, MCI's Tariff Filing to Establish Prism Plus, Prism I, and Prism II Services; MCI Prism III Service, which became effective pursuant to 807 KAR 5:011, Section 9(1); US Sprint UltraWATS and Advanced WATS Services, approved in Case No. 9902, US Sprint's Tariff Filing Proposing to Rename its WATS Products, Change Billing Calculation Methods for WATS, Introduce UltraWATS, Travelcard, Direct 800 and Ultra 800; and US Sprint Banded WATS Service, which became effective pursuant to 807 KAR 5:011, Section 9(1).

The Commission, having reviewed the evidence of record and being otherwise sufficiently advised, HEREBY ORDERS that:

1. Allnet's proposed tariff pages as corrected by the August 31, 1990 filing are approved for services rendered on and after the date of this Order subject to any compensation arrangement that may be ordered in Administrative Case No. 323.³

2. Allnet shall measure and report interstate and intrastate jurisdictional usage and interLATA and intraLATA usage associated with Maxcess III and Vantage services and file usage reports with the Commission on a quarterly basis.

3. Allnet shall inform Maxcess III and Vantage customers that their use of the service to complete intraLATA calls is not authorized by the Commission

4. Within 30 days of the date of this Order, Allnet shall file its revised tariff pages as approved herein. The tariff pages approved are:

Kentucky Tariff No. 1	3rd Revised Page 18
Kentucky Tariff No. 1	2nd Revised Page 21
Kentucky Tariff No. 1	2nd Revised Page 36
Kentucky Tariff No. 1	2nd Revised Page 37

³ Administrative Case NO. 323, An Inquiry Into IntraLATA Toll Competition, An Appropriate Compensation Scheme for Completion of IntraLATA Calls by Interexchange Carriers, and WATS Jurisdictionality.

Done at Frankfort, Kentucky, this 20th day of September, 1990.
