BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF CLARK RURAL ELECTRIC)
COOPERATIVE CORPORATION FOR AN ORDER)
AUTHORIZING SAID CORPORATION TO BUILD,)
ERECT AND CONSTRUCT A TOTAL OF ONE)
HUNDRED TWENTY-SEVEN AND THREE FOURTHS) CASE NO. 91-347
(127.75) MILES OF DISTRIBUTION LINES IN)
BATH, BOURBON, CLARK, ESTILL, FAYETTE,)
MADISON, MENIFEE, MONTGOMERY, MORGAN,)
POWELL, ROWAN, AND WOLFE COUNTIES IN)
KENTUCKY)

O R D E R

Clark Rural Electric Cooperative Corporation ("Clark") filed its application on September 24, 1991 for a Certificate of Public Convenience and Necessity to construct certain improvements and additions to its existing plant. In support of its application, Clark filed its 1992-1993 Work Plan which describes in detail the improvements and additions to plant that are required over the next 2 years to serve its load. Clark seeks authorization to construct extensions and additions to its plant as follows:

1. Facilities to serve
new consumers \$1,405,926
2. New tie lines 55,490
3. Voltage conversion 1,016,358
4. Transformers and meters 572,572
5. Service entrance changes 169,650
6. Reclosures and switches 345,000

| | |
|---------------------------------|----------------|
| 7. Pole replacements | 492,600 |
| 8. Security light installations | <u>191,800</u> |
| TOTAL | \$4,249,396 |

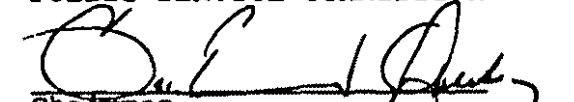

The proposed construction will enable Clark to continue to provide reliable electric service to its existing customers and to provide similar service to an estimated 1,398 new customers. The system improvements recommended in this Work Plan will not duplicate existing facilities and are needed to correct voltage problems, improve phase balance, and provide for improved service reliability.

Based on the application and supporting 1992-1993 Work Plan, and being advised, the Commission finds that the proposed improvements and additions to be constructed by Clark are necessary to provide adequate, reliable electric service to existing customers and anticipated new customers.

IT IS THEREFORE ORDERED that Clark be and it hereby is granted a Certificate of Public Convenience and Necessity to construct the facilities described in its 1992-1993 Work Plan.

Done at Frankfort, Kentucky, this 6th day of December, 1991.
