

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

APPLICATION OF CENTRAL KENTUCKY CELLULAR)	
TELEPHONE COMPANY FOR ISSUANCE OF A)	
CERTIFICATE OF PUBLIC CONVENIENCE AND)	CASE NO. 91-366
NECESSITY TO CONSTRUCT AN ADDITIONAL)	
CELL FACILITY IN THE CITY OF FRANKFORT,)	
FRANKLIN COUNTY IN KENTUCKY RURAL)	
SERVICE AREA NO. 7)	

O R D E R

On October 14, 1991, Central Kentucky Cellular Telephone Company ("CKC") filed an application seeking a Certificate of Public Convenience and Necessity to build and operate a cellular telecommunications site. This site is an addition to Rural Service Area No. 7 (RSA No. 7). RSA No. 7 includes Carroll, Franklin, Gallatin, Grant, Harrison, Henry, Owen, Pendleton, Shelby and Trimble counties in Kentucky.

The proposed cell site consists of a 180 foot monopole to be located on Fort Hill in Franklin County at north latitude 38° 12' 26" by west longitude 84° 51' 45" (the "Frankfort Site"). All structure and property owners within 500 feet have been notified, and the Commission has not received any comments.

CKC has provided information regarding the structure of the monopole, safety measures, and monopole design criteria. Based upon the application, the monopole and foundation design appear to

meet the criteria of the Building Officials and Code Administrators International, Inc. ("BOCA") building code with reference to earthquakes, winds, and tornadoes.

The Frankfort site, which will operate totally within the boundaries of RSA No. 7, does not require Federal Communications Commission approval, as it is an extension of a previously approved system. However, the FCC does require CKC to notify them before signal transmission occurs. Approval from the Federal Aviation Administration is not required for this site nor is approval from the local planning commission.

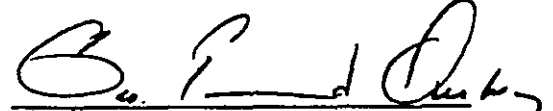

In accordance with the Commission's Order in Case No. 91-298,¹ services provided by Central Kentucky Cellular within RSA No. 7 will be governed by its currently effective tariff.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, HEREBY ORDERS that Central Kentucky Cellular Telephone Company be and it hereby is granted a Certificate of Public Convenience and Necessity to construct and operate a 180 foot telecommunications monopole at the Frankfort site in Franklin County, Kentucky.

¹ Case No. 91-298, Application of Central Kentucky Cellular Telephone Company for the Issuance of a Certificate of Public Convenience and Necessity to Provide Domestic Public Radio Telecommunications in Kentucky Rural Service Area No. 7

Done at Frankfort, Kentucky, this 6th day of December, 1991.
