

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

INVESTIGATION INTO THE ASSIGNMENT OF ) ADMINISTRATIVE  
ABBREVIATED N11 DIALING CODES ) CASE NO. 343

O R D E R

On September 8, 22, and 28, 1992, Infodial, Inc. ("Infodial"), American Tele-Access, Inc. ("American"), and Phoneformation, Inc. ("Phoneformation") filed petitions, respectively, each of which requested this Commission to enter an Order directing the Local Exchange Carriers ("LECs") to assign an abbreviated N11 dialing code. Copies of Infodial's, American's, and Phoneformation's petitions are attached hereto and incorporated herein as Appendices A, B, and C, respectively.

Because Infodial's, American's and Phoneformation's petitions appear to be identical, the Commission hereby consolidates the three petitions and initiates this proceeding to further investigate the issues concerning the assignment of N11 dialing codes. The Commission, having reviewed the petitions of Infodial, American, and Phoneformation and being otherwise sufficiently advised, HEREBY ORDERS that:

1. Infodial, American, and Phoneformation shall file with the Commission, not later than 30 days from the date of this Order, a complete description of their telecommunications operations, including but not limited to the reasons why they have requested and should be assigned an abbreviated N11 dialing code.

2. All telecommunications utilities, except customer-owned, coin-operated telephone utilities, with tariffs on file with this Commission shall be mailed a copy of this Order as notice and may request intervention to participate in this proceeding no later than 20 days from the date of this Order.

Done at Frankfort, Kentucky, this 14th day of October, 1992.

PUBLIC SERVICE  
COMMISSION

PETITION OF INFODIAL, INC.  
FOR ASSIGNMENT OF N11 CODE

COMES NOW INFODIAL, Inc. ("INFODIAL") and pursuant to the Rules of the Kentucky Public Service Commission ("Commission") hereby petitions the Commission to enter an order directing all Local Exchange Carriers ("LEC") in this State to assign to INFODIAL an abbreviated N11 dialing code. In support of this petition INFODIAL shows the following:

1.

INFODIAL is a Minnesota corporation engaged in the business of providing communications services, information services, as well as other business undertakings.

2.

There exists, in any area code, eight N11 numbers. Three of the N11 codes, 411, 611, and 911, are in current use in the State. The remaining five codes--211, 311, 511, 711, and 811--are not now used for any purpose.

3.

Assignment of such abbreviated dialing codes to independent information service providers, such as INFODIAL, is in the public interest, as it will provide consumers/ratepayers within the State

with ready and convenient access to services for which there is a present and substantial demand.

4.

Assignment and utilization of the abbreviated dialing codes under N11 service is further in the public interest as it will generate additional revenues for all affected LEC's without requiring additional capital investment.

5.

Pursuant to this petition, INFODIAL is petitioning this Commission to assign to INFODIAL the abbreviated dialing code 511. However, in the event that this code is not otherwise available or that the Commission chooses to allocate an alternate abbreviated N11 dialing code to INFODIAL, such an action will be acceptable to INFODIAL.

WHEREFORE, INFODIAL, Inc., hereby respectfully requests the Commission to enter an order directing all LEC's to assign to INFODIAL the abbreviated N11 dialing code 511, or such other abbreviated N11 dialing code as may be presently available.

Respectfully submitted, this 4 day of September, 1992.
