The information requested herein is due no later than 30 days from the date of this Order. 1. Provide revised tariff sheets in accordance with the following:

a. The front cover page and all subsequent pages should bear the identifying number "P.S.C. Ky. No. 1" in the upper right hand corner.

b. Refer to Sections 2.2, 2.10 and 2.11. A utility may require a cash deposit or other guaranty to ensure payment of

bills in accordance with 807 KAR 5:006, Section 7. Such deposit may be required of all customers or waived for some customers. However, if the deposit is not required of all customers, the criteria to be considered in determining whether the deposit will be required or waived must be set out in the tariff. Further, a telecommunications utility may require that flat monthly recurring charges or non-recurring charges be paid in advance, but must bill usage charges in arrears.

c. Refer to Section 2.3.4 and 2.5.1. A utility may refuse or terminate service only under the conditions set forth in 807 KAR 5:006, Section 14, and must restore the service promptly when the cause for discontinuance has been corrected. (807 KAR 5:006, Section 13.)

d. Refer to Section 2.8.1. 807 KAR 5:006, Section 12, provides that a customer desiring service terminated shall give the utility 3 working days' notice in person, in writing, or by telephone if such notice does not violate tariff provisions or contractual obligations. Provide a revised tariff sheet in compliance or explain in detail why American Telelectronics should be allowed to deviate.

e. Add the following language after Section 2.9.3:

Acceptance by the Commission of the liability provisions contained in this tariff does not constitute its determination that the limitation of liability imposed by the company should be upheld in a court of law, but the recognition that, as it is the duty of the courts to adjudicate negligence claims and rights to recover damages therefor, so it is the duty of the courts to determine the validity of the exculpatory provisions of this tariff.
