

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

IN THE MATTER OF AN APPLICATION BY)
THE UNION LIGHT, HEAT AND POWER)
COMPANY FOR PERMISSION TO DEVIATE) CASE NO. 92-379
FROM RULE 807 KAR 5:022, GAS SAFETY)
AND SERVICE, SECTION 8.)

O R D E R

IT IS ORDERED that The Union Light, Heat and Power Company ("ULH&P") shall file the original and 12 copies of the following information with the Commission with a copy to all parties of record no later than 14 days from the date of this Order.

If the information cannot be provided by this date, ULH&P should submit a motion for an extension of time stating the reason a delay is necessary and include a date by which it will be furnished. Such motion will be considered by the Commission. ULH&P shall furnish with each response the name of the witness who will be available at the public hearing for responding to questions concerning each item of information requested.

1. a. Identify the customers requesting the street lighting service.

b. State the location of the new housing development.

c. State the number of residential/commercial structures to be built in the proposed subdivision.

2. Provide a copy of the customer's request for ULH&P to furnish natural gas service to the subdivision's street lighting.

3. Provide the following information about the proposed street lighting units:

a. Price of each unit.

b. All manufacturers' manuals regarding the lighting units' operation, maintenance and safety.

4. Provide a map showing the lighting units and the gas distribution to these units.

5. a. State whether one gas connection will be made to all the units.

b. If no, state whether each unit will have a discrete connection to a main line or service line.

6. Refer to ULH&P's application, paragraph 4, and state whether these street lighting units can be operated on an on-off basis similar to the Electric Street lightings.

7. Identify the person(s) responsible for the operation and maintenance of the street lighting units.

8. Indicate whether there will be any metering of the gas used for the street lighting. If yes, explain how the metering will be accomplished.

9. If the gas usage for the street lighting is not metered, explain in detail how ULH&P will monitor the subdivision's street lighting to detect unusual levels of usage or line leaks.

Done at Frankfort, Kentucky, this 16th day of October, 1992.
