TO DEVIATE FROM RULE 807 KAR 5:022,)
GAS SAFETY AND SERVICE, SECTION 8)

O R D E R

IT IS ORDERED that The Union Light, Heat and Power Company ("ULH&P") shall file the original and 12 copies of the following information with the Commission with a copy to all parties of record no later than 14 days from the date of this Order.

If the information cannot be provided by this date, ULH&P should submit a motion for an extension of time stating the reason a delay is necessary and include a date by which it will be furnished. Such motion will be considered by the Commission. ULH&P shall furnish with each response the name of the witness who will be available at the public hearing for responding to questions concerning each item of information requested.

1. Refer to ULH&P's response to the Commission's Order of October 16, 1992, Item 3. Provide a breakdown of the costs recovered by the monthly rental fees of \$17 and \$30. Include all workpapers, show all calculations, and state all assumptions used to derive these fees.

2. Refer to ULH&P's response to the Commission's Order of October 16, 1992, Item 7.

a. State the estimated annual cost of using contractors to maintain and operate the street lighting units.

b. State the number of contractors within ULH&P's service territory who can service the street lighting units.

c. List the qualifications which a contractor must meet to be considered for contract to operate and maintain the proposed street lighting project.

d. State the terms of the contract under which the contractor will serve.

3. a. Provide a detailed analysis of the total expected revenues to be generated annually from the proposed street lighting project. Indicate the account number(s) to be used to record this transaction.

b. Provide a detailed analysis of the total expected expenses to be generated annually from the proposed street lighting project. Indicate the account number(s) to be used to record this transaction.

4. Refer to ULH&P's response to the Commission's Order of October 16, 1992, Item 9. Describe how ULH&P will detect unusual levels of gas usage.

5. State the maximum allowable operating pressure in the proposed street lighting project's main line.

6. Provide a detailed drawing which illustrates the connection between the main line and the proposed street lighting and which shows the regulator and other necessary facilities.

7. Identify the owner of the proposed street lighting facilities. If ULH&P is the owner, explain why ULH&P chose to own the lights rather than sell them to the developer.

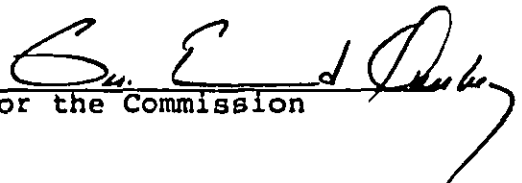

8. Identify the person(s) who will pay the rental cost and charges for gas service if the proposed street lighting facilities are constructed.

9. State whether ULH&P has considered connecting individual lighting downstream of customers' meters.

10. Provide all correspondence and memorandum related to the request for the proposed street lighting service.

Done at Frankfort, Kentucky, this 15th day of December, 1992.
