SERVICES)

O R D E R

On January 22, 1993, AMER-I-NET SERVICES CORP. ("AMER-I-NET") filed an application with the Commission seeking a Certificate of Public Convenience and Necessity to provide intrastate long-distance resold telecommunications services within the Commonwealth of Kentucky. AMER-I-NET was ordered to submit additional information which it filed on April 5 and June 7, 1993.

AMER-I-NET is a Delaware corporation with its principal offices in the state of New Jersey and intends to resell tariffed services of facilities-based carriers certified by this Commission.

AMER-I-NET does not own or operate, nor does it intend to construct, any telecommunications transmission facilities within the Commonwealth of Kentucky. All telecommunications transmission services will be provided by an underlying carrier certified by this Commission. AMER-I-NET does not request authority to provide operator-assisted services.

The application provided by AMER-I-NET demonstrates its financial, managerial, and technical capability. The Commission finds that AMER-I-NET should be authorized to provide intrastate

long-distance resold telecommunications services within the Commonwealth of Kentucky. The Commission further finds that the rates proposed by AMER-I-NET, as modified on April 5 and June 7, 1993, should be approved as the fair, just, and reasonable rates to be charged.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, HEREBY ORDERS that:

1. AMER-I-NET be and it hereby is granted authority to provide intrastate long-distance resold telecommunications services within the Commonwealth of Kentucky on and after the date of this Order.

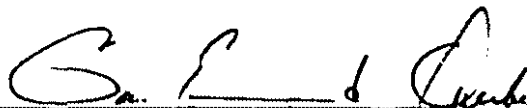

2. AMER-I-NET's authority to provide service is strictly limited to those services described in this Order and AMER-I-NET's application.

3. The rates proposed by AMER-I-NET on January 22, 1993, and revised on April 5 and June 7, 1993, are hereby approved.

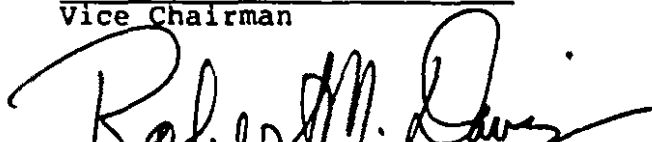

4. Within 30 days from the date of this Order, AMER-I-NET shall file its revised tariff sheets without modifications pursuant to 807 KAR 5:011 and to conform to the restrictions and conditions of service contained herein.

Done at Frankfort, Kentucky, this 14th day of July, 1993.
