On April 22, 1994, Monroe County Water District ("Monroe Water") filed an application for a Certificate of Public Convenience and Necessity to construct a \$1,130,000 waterworks improvement project and for approval of its plan of financing for this project. This project will provide service to 250 additional customers. Project funding includes a \$570,000 bond issue to be purchased pursuant to an agreement with Farmers Home Administration ("FmHA"), a \$500,000 grant from FmHA, and \$60,000 from applicants for service in the proposed project area. The bonds will be financed for a 40-year period from the date of the bond at an interest rate of 5 percent per annum.

Monroe Water's application was made pursuant to KRS 278.023 which requires the Commission to accept agreements between water districts and FmHA and to issue the necessary order to implement the terms of such agreements within 30 days of satisfactory completion of the minimum filing requirements.
