

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF CUNNINGHAM WATER)
DISTRICT FOR A DEVIATION FROM CERTAIN)
REQUIREMENTS) CASE NO. 94-165

O R D E R

By letter received April 18, 1994, Cunningham Water District ("Cunningham Water") requested a deviation from Commission Regulation 807 KAR 5:006, Section 13(1)(a), which requires each utility to maintain a telephone, to publish its number in all service areas, and to permit all customers to contact the utility's designated representative without charge. Cunningham Water requested that it be exempt from having a business telephone number. On May 27, 1994, Cunningham Water filed a letter stating that it has posted the telephone numbers of its three commissioners and contractor, Jerry Carter, at the Cunningham Fire Station and at the office of the Carlisle County Sheriff.

The Commission, having reviewed Cunningham Water's request and being otherwise sufficiently advised, finds that:

1. Cunningham Water currently has 120 customers.
2. Cunningham Water does not have a business office.
3. Cunningham Water does not have a published listing in the telephone directory which covers its service area.
4. The telephone numbers of Cunningham Water's commissioners are posted at all business places within the service area.

5. The telephone numbers of two Cunningham Water commissioners are listed on all billing statements.

6. The expense of a separate telephone listing for Cunningham Water exceeds the benefit of such listing.

IT IS THEREFORE ORDERED that Cunningham Water's request for deviation from 807 KAR 5:006, Section 13(1)(a), be and it hereby is granted. Cunningham Water's officials shall post their telephone numbers at all business places within the water district's territory.

Done at Frankfort, Kentucky, this 3rd day of August, 1994.
