

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE NOTICE OF PURCHASED GAS)
ADJUSTMENT FILING OF WESTERN)
KENTUCKY GAS COMPANY) CASE NO. 92-558-R

O R D E R

On December 22, 1993, in Case No. 92-558, the Commission approved, on an experimental basis, a mechanism for the monthly adjustment of rates for Western Kentucky Gas Company ("Western") in accordance with the gas cost adjustment ("GCA") clause set forth in the Order.

On June 1, 1995, Western filed its monthly GCA to be effective from July 1, 1995 to August 1, 1995.

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

1. Western's notice proposed revised rates designed to pass on to its firm sales customers an expected wholesale increase in gas costs in the amount of 14.41 cents per Mcf. Western's proposed expected gas cost ("EGC") for firm sales customers is \$3.2898 per Mcf.

Western also proposed to pass on to its interruptible customers a wholesale decrease in gas costs. Western's proposed EGC for interruptible sales customers is \$2.5643 per Mcf.

2. Western has received current supplier refunds of \$1,355,466, including interest, to return to its customers. This

results in current refund factors of 6.75 cents per Mcf for both firm and interruptible customers. Total refund factors of 24.84 cents per Mcf for firm sales customers and 13.49 cents per Mcf for interruptible customers reflect current adjustments, as well as adjustments from previous months.

Western's notice set out no current refund adjustment for transportation customers. Total refund adjustments of 16.08 cents for firm and 4.73 cents per Mcf for interruptible transportation customers include previous month adjustments.

3. Western's notice set out a 6-month correction factor ("CF") of 2.86 cents per Mcf which will remain in effect until October 1, 1995. The CF is designed to recoup net under-collections of gas cost from the 6-month period ending December 31, 1994.

4. These adjustments produce gas cost adjustments of (\$.3644) per Mcf for firm sales customers and (\$.7191) per Mcf for interruptible sales customers.

5. The rate adjustments in the Appendix to this Order are fair, just, and reasonable, in the public interest, and should be effective for final meter readings on and after July 1, 1995.

IT IS THEREFORE ORDERED that:

1. The rates in the Appendix to this Order are fair, just, and reasonable and are approved effective for final meter readings on and after July 1, 1995.

2. Within 30 days of the date of this Order, Western shall file with the Commission its revised tariffs setting out the rates authorized in this Order.

Done at Frankfort, Kentucky, this 27th day of June, 1995.
