O R D E R

On December 15, 1994, ICG Telecom Services, Inc. ("ICG Telecom") filed its application with the Commission seeking a Certificate of Public Convenience and Necessity to provide intrastate, long-distance telecommunications services as a reseller within the Commonwealth of Kentucky.

ICG Telecom is a Colorado corporation proposing to resell the services of carriers currently certified within the Commonwealth of Kentucky in accordance with the terms and conditions set forth in its tariff. ICG Telecom does not seek authority to provide operator-assisted telecommunications services.

ICG Telecom employs no intrastate transmission or reception telecommunications equipment or facilities in the performance of its services, and all intrastate facilities, equipment, and networking will be provided by the underlying carrier. ICG Telecom will not construct any new facilities in the Commonwealth of Kentucky.

The information provided by ICG Telecom demonstrates its financial, managerial, and technical capability to provide

intrastate, long-distance telecommunications service. The proposed rates filed December 15, 1994 and amended April 18, 1995 should be approved as the fair, just and reasonable rates to be charged.

In Administrative Case No. 306,¹ the Commission stated the importance of eliminating possible customer confusion arising from the name of the billing service, rather than the name of the provider of telecommunications services, appearing on the bill. Accordingly, ICG Telecom should ensure that its name appears prominently on all bills issued to customers for services rendered.

The Commission, having considered the application, the information provided by ICG Telecom, and being otherwise sufficiently advised, HEREBY ORDERS that:

1. ICG Telecom be and it hereby is granted authority to provide intrastate, long-distance telecommunications services within the Commonwealth of Kentucky on and after the date of this Order.

2. ICG Telecom shall comply with the provisions of the Orders in Administrative Case No. 323.²

3. ICG Telecom shall ensure that its name appears prominently on all bills issued to customers for services rendered.

4. ICG Telecom's authority to provide service in this Commonwealth is strictly limited to those services described in

¹ Administrative Case No. 306, Detariffing Billing and Collection Services, Order dated April 30, 1990.

² Administrative Case No. 323, An Inquiry Into IntraLATA Toll Competition, An Appropriate Compensation Scheme for Completion of IntraLATA Calls by Interexchange Carriers, and WATS Jurisdictionality.

this Order and in ICG Telecom's application. Accordingly, ICG Telecom is prohibited from facilitating, in whole or in part, special access or private line services that originate and terminate within an exchange or local calling area and from providing any switched services.

5. The rates and charges proposed by ICG Telecom are hereby approved as filed on December 15, 1994 and amended on April 18, 1995.

6. Within 30 days from the date of this Order, ICG Telecom shall file its tariff sheets in accordance with 807 KAR 5:011.

Done at Frankfort, Kentucky, this 31st day of August, 1995.
