In the Matter of:

APPLICATION OF HORIZON CELLULAR TELEPHONE)
COMPANY OF CENTRAL KENTUCKY, L.P., A)
DELAWARE LIMITED PARTNERSHIP, FOR ISSUANCE)
OF A CERTIFICATE OF PUBLIC CONVENIENCE AND)
NECESSITY FOR THE CONSTRUCTION AND OPERATION)
OF A CELL SITE IN THE KENTUCKY RURAL SERVICE)
AREA WHICH INCLUDES ADAIR, BARREN, CLINTON,)
CUMBERLAND, HART, MCCREARY, METCALFE, MONROE,)
RUSSELL AND WAYNE COUNTIES IN KENTUCKY (THE)
BURKESVILLE CELL FACILITY))

CASE NO.
95-005

O R D E R

On January 9, 1995, Horizon Cellular Telephone Company of Central Kentucky, L.P. ("Horizon Cellular") filed an application seeking a Certificate of Public Convenience and Necessity to build and operate a cellular radio telecommunications system for Rural Service Area No. 5 ("RSA No. 5"). RSA No. 5 includes Adair, Barren, Clinton, Cumberland, Hart, McCreary, Metcalfe, Monroe, Russell and Wayne counties. Horizon Cellular has requested authorization to construct a cell site in Cumberland County. Horizon Cellular was previously granted authority to operate a cellular radio telecommunications system in RSA No. 5 in Case No. 93-048.¹

¹ Case No. 93-048, The Joint Application of Danbury Cellular Telephone Co., a Connecticut Corporation d/b/a Cellular One/United Bluegrass Cellular Corp. and Horizon Cellular Telephone Company of Central Kentucky, L.P., a Delaware Limited Partnership, for Approval of the Transfer of the Assets and Liabilities of Danbury Cellular Telephone Co. to Horizon Cellular Telephone Company of Central Kentucky, L.P., and Related Financing.

The proposed cell site consists of 299-foot or less guyed antenna tower to be located at 901 Hill Street, Burkesville, Cumberland County, Kentucky ("the Burkesville cell site"). The coordinates for the Burkesville cell site are North Latitude 36° 47' 19" by West Longitude 85° 23' 19".

Horizon Cellular has provided information regarding the structure of the tower, safety measures, and antenna design criteria for the Burkesville cell site. Based upon the application, the design of the tower and foundation appears to meet the criteria of the Building Officials and Code Administrators International, Inc. National Building Code with reference to earthquakes, winds, and tornadoes.

Pursuant to KRS 100.324(1), the Burkesville cell site's construction is exempt from local zoning ordinances. Horizon Cellular has filed applications with the Federal Aviation Administration ("FAA") and the Kentucky Airport Zoning Commission ("KAZC") seeking approval for the construction and operation of the Burkesville cell site. These applications are still pending.

Horizon Cellular has filed notices verifying that each person who owns property or who resides within 500 feet of the Burkesville cell site has been notified of the pending construction. The notice solicited any comments and informed the property owners or residents of their right to intervene. To date, no intervention requests have been received.

Pursuant to KRS 278.280, the Commission is required to determine proper practices to be observed when it finds, upon

complaint or on its own motion, that the facilities of any utility subject to its jurisdiction are unreasonable, unsafe, improper, or insufficient. To assist the Commission in its efforts to comply with this mandate, Horizon Cellular should notify the Commission if it does not use this antenna tower to provide cellular radio telecommunications services in the manner set out in its application and this Order. Upon receipt of such notice, the Commission may, on its own motion, institute proceedings to consider the proper practices, including removal of the unused antenna tower, which should be observed by Horizon Cellular.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that Horizon Cellular should be granted a Certificate of Public Convenience and Necessity to construct and operate the Burkesville cell site in RSA No. 5 under its previously approved tariff.

IT IS THEREFORE ORDERED that:

1. Horizon Cellular be and it hereby is granted a Certificate of Public Convenience and Necessity to construct and operate the Burkesville cell site.

2. Horizon Cellular shall file a copy of the final decisions regarding its pending FAA and KAZC applications for this cell site construction within 10 days of receiving these decisions.

3. Horizon Cellular shall immediately notify the Commission in writing, if, after the antenna tower is built and utility service is commenced, the tower is not used for a period of 3 months in the manner authorized by this Order.

Done at Frankfort, Kentucky, this 27th day of February, 1995.
