

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

RATE APPLICATION OF WESTERN KENTUCKY )  
GAS COMPANY ) CASE NO. 95-010

O R D E R

On June 2, 1995, Western Kentucky Gas Company ("Western") filed with the Commission an application styled "Petition of Western Kentucky Gas Company for Confidential Treatment of Special Contracts Submitted to the Kentucky Public Service Commission" which has been docketed as Case No. 95-247. In the application Western requests that four special contracts be accepted for filing and approved and that they be treated as confidential. The confidentiality request will be dealt with based on the record developed in Case No. 95-247.

The contracts which are the subject of that application also have an impact herein. In its Summary of Revenue at Present Rates (Schedule 2, page 1 of 2) at Tab 25 in the application, Western included an adjustment to reduce revenues by \$700,000 for "Additional Contract Reformation". On page 2 of that schedule Western provided an analysis of test year revenues from special contracts which includes sales and transportation volumes and the contract rates then in effect. In response to an earlier data request Western indicated the \$700,000 was an estimate of the revenue reduction it would incur under new special contracts that

were then under negotiation and that it expected to file the new contracts prior to the conclusion of this proceeding.

The new contracts have been executed and filed with the Commission. Therefore, the \$700,000 estimate can and should be replaced with an amount which reflects the new contract rates.

IT IS THEREFORE ORDERED that Western shall file the original and 12 copies of the following information with the Commission no later than June 20, 1995, with a copy to all parties of record. Include with the information the name of the witness who will be responsible for responding to questions relating to the information provided.

1. Provide an update of the Summary of Revenue at Present Rates, pages 1 and 2, which reflects the impact of the new contract rates. Include any other documentation necessary to show the impact of changes in the contracts' rates and/or volumes.

Done at Frankfort, Kentucky, this 13th day of June, 1995.
